While one group explore the Cotswolds on electric quad bikes, the others can choose to arrive at their allotted trek time, explore the land on foot or grab a bite to eat or drink (*non-alcoholic, of course!*) at The Fish Hotel, only a 10 minute walk to base.

OPTION B – ELECTRIC QUAD BIKES & ELECTRIC BUGGY

An electric adventure package, including back to back electric quad treks for your team with another electric adventure while they wait. Split the team into groups of up to four people, how you split the group is up to you.

While one group explore the Cotswolds on electric quad bikes, the others can let loose on our electric buggy, competing in time trials on a short course to see who can get the fastest time and take away bragging rights until the next team event!

OPTION C – BESPOKE ADVENTURE PACKAGE

For larger groups we can work with the Farncombe Adventures team to book multiple activities, splitting the groups across their preferred activity such as a quad trek, pistol shooting, duck herding and axe throwing. The group can decide which one of the activities they'd like to do.

Alternatively, if it's an electric quad bike / buggy experience you want, we can take the group out across multiple days, catering for up to 12 people per day.

Perhaps you'd prefer to treat your team to a voucher instead? Give them the gift of a unique experience with their loved ones. The cost might be yours, but the memories will be theirs forever.
